

# All New Mobile Office Solutions for the 2011 Dodge Charger

## Industry-Leading Products for the New Charger

Maximize your mobile workspace with intuitive mounting and computing solutions from Havis. We strive to engineer products that make performing tasks during long shifts easier and more comfortable. Havis now offers three all new equipment consoles, including one low-profile, that allow for safer mounting of controls and accessories while providing a perfect mounting location for computer solutions.

For additional mounting space, Havis has released four new trunk mounting products, including single and double slide-out trunk trays and passenger and driver's side trunk mounts.

## Equipment Mounting to Fit Your Needs

Havis offers three custom-fit consoles designed specifically for the new 2011 Dodge Charger that replace the OEM console without permanent vehicle modification. A new swing out dash monitor mount is also available for mounting many universal computer monitors.

17" Console

24" Console

Monitor Mount

25" Console

- **Vehicle Specific 17" Console (C-VS-0809-CHGR-1)**  
This new low profile console was specifically designed for the 2011 Dodge Charger. The console reduces the height between seats and is ideal for laptop mounting.
- **Vehicle Specific 24" Console (C-VS-2400-CHGR-2)**  
The 24" custom-fit console provides more space for control heads and accessories. This console is recommended for low-profile applications.
- **Vehicle Specific 25" Console (C-VS-2500-CHGR-1)**  
The 25" console is custom fit and large enough to accommodate deep control heads with three cutouts for two 12 volt plug outlets and one MP3/USB port.
- **Swing Out Monitor Mount (C-DMM-119)**  
The swing out dash monitor mount allows monitor to be conveniently positioned for optimal viewing angles for both driver and passenger.

Above photo shows Premium Package for another vehicle

## Premium Passenger Side Mount Package Features:

- Vehicle-specific mounting base that mounts to existing OEM seat bolts for easy installation and requires no modification to vehicle
- Heavy duty height-adjustable poles that bolt to vehicle-specific base for on-demand adjustability for multiple users and easy storage
- Upgraded swing arm with motion adapters that are ideal for computer usage from both the driver and front passenger seats
- Stability support arms that add upper pole support for premium top level stability
- **Part #: PKG-PSM-244**
- Standard Passenger Side Mount Package also available (*PKG-PSM-144*)

## K9 Transport System Features:

- K9 unit is designed to maximize officer room, and utilizes the entire rear passenger seat area
- Radius corners, molded edges and properly sized ventilation holes keep your K9 partner safe and comfortable
- Rear guard folds down to allow easy access and cleaning of rear window deck
- K9 unit is fabricated from heavy-duty aluminum with white powder coat finish for long-lasting strength, durability and cleanliness

**K9 Transport System**  
(*KK-K9-D24-K*)

**Driver Side Trunk Mount**  
(*C-TSM-CHGR-D-1*)

## Trunk Side Mount Features:

- Electronic equipment is protected when hinged platform is in closed position.
- Designed for use with full size spare tire when *C-TTB-CHGR-3* is not needed.
- *C-TSM-CHGR-P-1* is preferred as battery is nearby and full size spare is offset on driver's side.

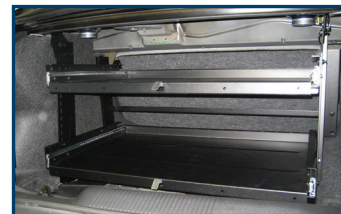

**Passenger Side Trunk Mount**  
(*C-TSM-CHGR-P-1*)

**Single Shelf Trunk Tray**  
(*C-TTB-CHGR-3*)

## Full Width Trunk Tray Features:

- Constructed of welded steel for added strength and support.
- Equipment mounting surface measures 31" wide x 19" deep.
- Requires use of *C-STB-CHGR* spare tire bracket to relocate full size spare tire.

**Double Shelf Trunk Tray**  
(*C-TTB-CHGR-3-DD*)
